Dear CRC Supporter,

Thanks to your incredible support, in 2019 CRC helped thousands of individuals obtain safe shelter, stable housing and nutritious food. The year was punctuated with important and exciting moments:

- In April, the Carlsbad Chamber of Commerce recognized us with the Community Footprint Award, given to a company or organization that demonstrates a commitment to a positive community legacy.

- In September, our Board of Directors approved a three-year strategic plan that is serving as a road map toward our future.

- Though we celebrated a month early, we turned 40 on November 26.

Most importantly, the following pages will tell a few stories that represent the thousands of individual people who were helped by CRC.

Why is this most important?

I often describe CRC as the child of our community’s compassion and capacity to help its neighbors. The stories and statistics that follow are important because they paint a picture of how you have expressed the essence of those virtues to people who are hungry, homeless and hurting.

They’re also important because they tell us CRC’s programs and services are important today and into our tomorrows – serving as a community safety net and path forward for people who experience trauma.

Thank you for how you care and what you give to help others.

John Van Cleef | CEO

We partner with our community and organizations, businesses and volunteers to support participants as they navigate paths to safety, stability and self-sufficiency. Meet Ricky and Halima

Ricky and Halima had to choose between paying the rent and feeding their four school-aged children.

Despite both parents working two jobs each, Halima says, “We were spending so much on food, gas, electric and expenses that we were falling behind in our rent.”

Ricky and Halima started coming to Community Resource Center for food assistance, where they select healthy food to provide for their family.

“Coming to CRC has been such a blessing. It cuts our bills in half. Our fridge is now full! We don’t have to worry about having enough food to feed our kids.”

Halima

Meet Denise and Jason

Denise and Jason were homeless for over a year after losing their home in Fallbrook. Jason's epilepsy and health condition made it difficult for the couple to get back on their feet and they were forced to find shelter at churches in the area and in a make-shift shelter in Bonsall. When the Lilac Fire burned through the Bonsall river bed, they lost their temporary shelter and everything they owned.

While staying at the United Methodist Church – a shelter in the Interfaith Shelter Network – the couple came to CRC for food and participated in our financial, career and resume classes.

Denise and Jason worked with their CRC case manager, Chad, to find permanent housing; they've moved into their new apartment and continue to work towards their financial goals to become more stable. They also participated in Holiday Baskets to receive food, coats, blankets and a few gifts to brighten the season.

“You helped us believe in ourselves again. When you can’t take a shower for weeks at a time, your confidence goes down. You gave us a hand up and not a hand out.”

Domestic Violence Prevention & Intervention

Meet Monica

“When we moved to the shelter I felt like everything would be OK. It felt like a safe haven and a hiding place. My life has changed a lot. I have a good marriage, and my children are safe. They don’t have anything unhealthy in their lives now. We have the stability that normal people have, now my kids have two parents who do their best for them every day. My husband and I work really hard as a team and I feel like that’s why we have a stronger and more stable life.

My hopes for the future survivors who come to CRC, is that they are able to take as much as they can from that experience, and learn as much as they can and apply it to their lives so they can have security and confidence and peace.”

“I was so grateful and relieved when we moved to the shelter. It was overwhelming. I was going through a traumatic time, but I was so happy because I felt like my children were saved.”

Meet Joanna

The very last time that Joanna was abused, it led to six surgeries to fix her two front teeth.

About a year ago, Joanna started meeting with a therapist at Community Resource Center.

“‘They’re builders. They’re building us up. And it’s making all the difference.’”

Joanna Counseling

Resource Center and walked past the food center and saw so many people there to get support, it was intimidating. It was intimidating to accept that we are all one. But the beauty of CRC is that it provides support to everyone. When I walk through those doors, I see people who are all different, but they’re all there and they’re all receiving support. And I think that’s remarkable.”

The counseling department provides counseling for CRC program participants, as well as for community members at large. Counseling fees for community clients are based on income. Participants in CRC’s domestic violence programs are offered individual counseling sessions, weekly group therapy sessions for mothers and for children, and family counseling. We provide:

- Individual, Couple and Family Therapy
- Domestic Violence Therapy
- Weekly Groups and Classes: Domestic Violence
- Support Group, Parenting Class, Domestic Violence Education Class, and more

Community Impact

Since 1982, CRC has distributed food, clothing, toys, blankets and other items to low-income families, seniors and homeless individuals.

CRC staff and more than 2,105 dedicated community volunteers transform the Del Mar Fairgrounds Grandstand into a holiday pop-up shop, where participants select items for themselves and their families. Each household receives a 50-pound food box with all the items for a holiday meal, a chicken or turkey, fresh produce and nutritious staples for two weeks.

The food and basic household supplies provide a life-saving bridge during the holidays and a path to safety, stability and self-sufficiency, while the gifts help children receive a wonderful holiday experience.

Throughout the year, CRC provides resources and services that help the hungry, homeless and hurting in our community, and Holiday Baskets helps brighten the holidays and alleviate financial pressure and stress for them.

In 2019, this holiday program helped 1,511 households — over 6,400 people — who were struggling to make ends meet and would otherwise not have the means to provide their families with a holiday meal, gifts and household essentials.

Holiday Baskets is made possible through the support of over 2,105 volunteers, who donated over 11,800 hours, local community groups, businesses and sponsors.

Holiday Baskets enables individuals and groups in our community to make a real difference, and in many cases, to teach their children the value of volunteering.
CRC operates three Resale Stores in North County San Diego. These stores accomplish several objectives:

- Generate critical funding for our programs.
- Encourage people to donate items instead of adding to our landfills.
- Help local students and adults in workability and transition programs acquire marketable work skills.
- Provide clothing and furniture to CRC’s program participants.

Every item sold in our stores has been donated by a member of the community. Your donations and purchases make a difference in the lives of those in need.

Rescuing Food from Landfills

Fresh Rescue Partners:
CRC rescues food from local stores, including fresh produce, dairy, meats and more. Partners donate food that is still good for consumption but would otherwise likely go to a landfill.

Thank you to our 2018-2019 partners:

• Feeding San Diego

• Encinitas: Target, Ralphs, Trader Joe’s, Sprouts, Gelson’s, 7-11, Lazy Acres, Coastal Roots Farm, Walmart, Vons

• Carlsbad: Jimbo’s

ProduceGood:
Since 2018, CRC has partnered with ProduceGood to receive unsold local, fresh and seasonal produce to be distributed to those who come to our Food Pantry.

Neighbors Helping Neighbors

Community Food Drives:
Throughout the year, community partners host food drives that are critical to keeping our shelves filled in our Food & Nutrition Center. From local schools, scout groups and churches, to the nationwide letter carriers’ food drive, CRC is grateful for neighbors helping neighbors to alleviate hunger for struggling families.

Letter Carriers’ Stamp Out Hunger® Food Drive:
In 2019, we received 17,500 pounds of food donated by community members and picked up by local letter carriers!

Scouting for Food:
Local Cub Scouts collect food donations from their neighborhoods each year during Scouting for Food. In 2019, Cub Scout Troop 772 brought over 1,500 items to restock our shelves and provide food to more families in need.
Stopping Violence Before It Starts

According to the Centers for Disease Control and Prevention, nearly 1.5 million high school students nationwide experience physical abuse from a dating partner in a single year. Educating young adults about healthy relationships is one key way to impact the number of students experiencing physical abuse from their dating partners.

CRC’s prevention educators provide presentations at local schools about the issues surrounding domestic violence, how to see the warning signs of abusive relationships and how to connect with resources. Students learn about the warning signs of abuse in relationships as well as the important elements of healthy and safe relationships.

CRC also works with partners at the California Partnership to End Domestic Violence and the California Coalition Against Sexual Assault to advocate for prevention resources. In 2019, CRC’s Domestic Violence program representatives advocated for funding for prevention during Policy Advocacy Day in Sacramento. The team met with Assemblymember Todd Gloria and Assemblymember Tasha Boerner Horvath to discuss budgeting $50 million in funding.

Partnering to Provide Winter Shelter

Since 1990, CRC has provided intake, screening and support for homeless households receiving shelter and meals at local churches in North County through the Interfaith Shelter Network.

The Rotational Shelter Program is a seasonal emergency shelter program that involves over 120 congregations of all denominations county-wide. Each congregation usually hosts the program in their facilities for two weeks a year, providing volunteer support and meals. Guests can stay up to eight weeks in the program, with an average stay of just under six weeks until they are able to move into more independent accommodation.

In 2019, 46 individuals received shelter during 1,416 winter operating nights across North County shelters.
Financials

Fiscal Year 2019 was a challenge when we went through important organizational change. During and after that fiscal year, we made decisions to ensure the long-term sustainability of our community organization.
